

Lindsworth School

Supporting Ronald McDonald House Charities (Birmingham)

We are delighted to confirm that this year, Lindsworth School has chosen to support Ronald McDonald House Charities (RMHC) in Birmingham as our selected charity.

RMHC provides invaluable support to families with children receiving care at Birmingham Children's Hospital. The charity offers free, welcoming accommodation near the hospital, helping families stay close to their children during challenging times. They create a home-away-from-home environment, relieving financial and emotional pressures so families can focus on what matters most - their child's recovery.

How You Can Help Us to Help Others and Teach Our Children the Value of Charity

To support this amazing charity, we are collecting essential items they need. We are asking for donations of:

- Cleaning Supplies: dish cloths, sponges, surface cleaners.
- Toiletries: toothpaste, toothbrushes, shampoo, soap.
- Baby Products: baby wipes, baby shampoo, and similar items.

Every contribution, big or small, makes a difference. These items help Ronald McDonald House maintain a comforting and supportive environment for families going through a difficult time.

Where to Donate: please send any donations in to Pastoral Managers.

Thank you for joining us in supporting this incredible cause. Together, we can help bring comfort to families when they need it most.
